

Aluminium painted sheet

ThyssenKrupp Materials (UK) Ltd

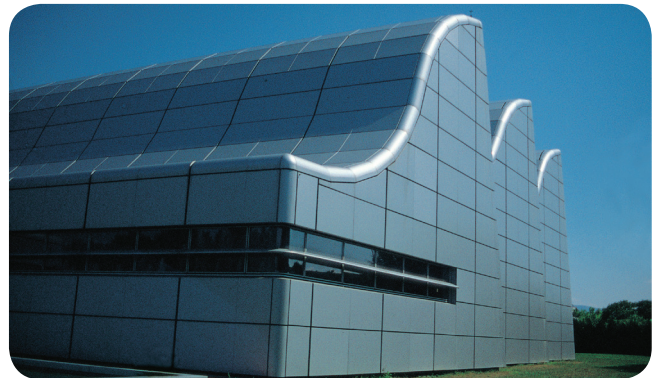

Reynolux® is an extremely versatile product from Alcoa, offering endless creative possibilities. The coatings' outstanding physical and chemical characteristics give extraordinary resistance to UV rays and durable weather protection and the optimal adhesion of the coatings allows for the coil-coated material to be shaped in any ways without breaking or cracking of the coating.

Reynolux® painted sheet is available from ThyssenKrupp Materials (UK) in a variety of sizes, from stock.

- ▶ Silver
- ▶ White
